Q8 What do you like/value about Rafford Village Hall?

Answered: 49 Skipped: 31

#	RESPONSES
1	Its a great community space and has been well used in the last years for events like ceilidhs, fairs, classes, meals, coffee mornings.
2	Good location Big airy space
3	Friendly, bright building. Good kitchen and stage !
4	excellent building/multi purpose (meetings, social etc)
5	Centrally placed for its community
6	central to rafford
7	Convenient, good facilities
8	N/A I have no interest in Rafford Village Hall
9	It's well-kept, an attractive building and in the centre of the village
10	Have not visited
11	I haven't used it in the past but a building like this in the centre of the community is important
12	Lovely indoor and outdoor space. park for kids. Enjoy the village cafe.
13	Within east reach and appears to be kept clean and well-run
14	I don't use it - only for voting but it's a lovely space
15	lovely environment and user friendly place. Reasonable hire charges
16	currently don't make use of the hall other than occasional attendance at events
17	It's close to home - walking distance. Active management team, highly community focussed.
18	The community spirit running classes, plays and coffee mornings
19	it is in the heart of the community and is easily accessible
20	cosy atmosphere
21	It brings together the whole community, allows classes to be run enhancing the wellbeing of participants
22	The hall is an invaluable centre of the community which does not have a shop or a pub. It brings people together and is a huge credit to those who organise events.
23	It's our "local" and we really like what the team there offers, Great space as well

24	Its location and size
25	I don't know or use it.
26	Has good "ambience" Off a relatively quiet road
27	Traditional building with history.
28	Great village space for events. Nice having a community venue to walk to with our daughter & meet other villagers. Really appreciated having the parent & child group there. Enjoy the pop cafe events outside. Use the play park often in spring/summer.
29	Although we don't use the hall, it is great to hear about those who do
30	The field - it's a natural outdoor space with a beauty of its own.
31	It's a beautiful space Ruth and David make me very welcome
32	we live very close
33	Everything!
34	An attractive building, good size for events, parking and playing field attached
35	The hall is a lovely asset for the village and surrounding area
36	Community cafes and market stalls.
37	Great for events in terms of atmosphere. Homely.
38	Good, versatile, central
39	meeting place
40	We like the decoration, warmth and the facilities
41	nearby
42	opportunity to meet other members of the community
43	central location, parking, good size for big events. Good facilities current community events
44	Social Hub Excellent community facility
45	I like everything about our village hall. I would not like to change it.
46	Quality of the structure and internal facilities
47	It's close, spacious and lots of activities going on
48	occasional bands, tea/cake mornings
49	Proximity, Generous, flexible space, convenient parking. access to playing fields, storage, excellent kitchen. Variety of activities on offer

Q9 How would you like to see Rafford Village Hall improved/developed i.e., is there anything that would make you more likely to use this space?

Answered: 32 Skipped: 48

#	RESPONSES
1	N/A
2	community owned PV installation to power hall and community share vehicle
3	Heating situation - overhead heaters can make it exceptionally warm but if not on can be very cold
4	N/A
5	Not that I know of
6	Upgrade park and a few more benches next to park.
7	Don't know - haven't given it any thought
8	Maybe more rooms built on to existing building
9	coffee shop indoor sports facility e.g football/cricket pop-up bar basic shopping (e.g. milk, bread, butter)
10	No, but i would love to see a little more openness about how/by whom the hall is managed
11	not really
12	It is very good as is but the community cafe would welcome a new kitchen. Covid highlighted the tight space
13	It seems to be developing very well
14	If it could return to pre-covid activities that would be great. The committee might need the support of a paid admin worker?
15	happy as is
16	Don't use it frequently enough to judge
17	No
18	More play park facilities.
19	not at all
20	safer exit on to the road
21	Playing field to be left untouched as a green space

22	It would be nice if there was a smaller/more intimate space for meetings - maybe with a collapsible wall.	
23	No.	
24	No- it has been much improved	
25	Development of Men's Shed in Rafford	
26	It is a big space, pehaps a smaller, cosier area for smaller gatherings, especially if becoming "the hub" - too big as it is.	
27	Perhaps better advertising of the hall's potential	
28	it would be great to have a phone line to use ipads etc. i think it is very well used at the moment	
29	Infrequent visitor	
30	Our use of the all depends on what activities are taking place. An extension on the south side for a separate sunny seating area, with self service tea/coffee and vending machines (like Elchies?) would enhance the hall and allow multiple activities to take place. Improve kids play area in the field Wifi, Screen	
31	Craft fairs - antique/car boot sales More Music nights Better local advertising - maybe email notification similar to the Findhorn Community	
32	Enhanced insulation, energy effficiency, upgrade a play area. Investigate showers for active users (?overnight)

Q24 Are there any activities/facilities/services - in sport, health and wellbeing, the arts, or workspaces for example - you would like to see available within the Finderne area that could not be delivered within the seven existing facilities noted above?

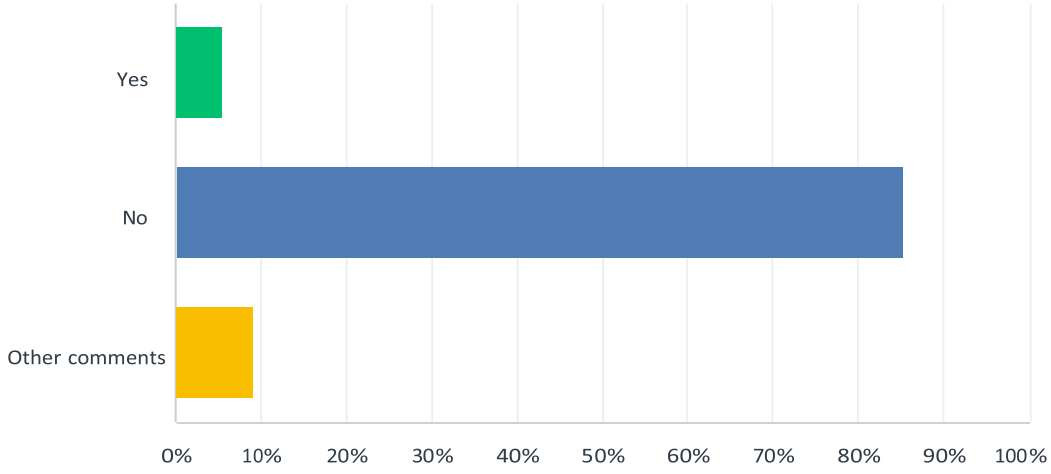

Answered: 26 Skipped: 54

#	RESPONSES
1	Looks to me like the area is quite well provided with a variety of possible meeting spaces in the existing facilities noted above.
2	Aerial arts (i.e. trapeze, silks etc). There are numerous local teachers/artists keen to teach and perform in Finderne. They just need a venue with high ceilings and a rigging point such as an exposed beam.
3	Art Classes Tea Party Jumble Sales OAP - soup and sandwiches
4	no
5	Edinkillie must retain its primary school and link it to new community hall and space - the "social regeneration" of FDT remit.
6	Pre school child care would have been useful before our children were at school
7	Development of a local walking group?
8	none
9	Development of walking paths in the area
10	No - don't think so
11	no
12	assuming that provision of specialist equipment is not anticipated, current facilities should have sufficient space etc for most requirements
13	no
14	no
15	fitness classes theatre/music productions quizzes craft classes/fairs
16	cannot think of any
17	no
18	Artist/writer's talks walks is there a walking trail from Dunphail to Forres (Dava?)
19	It would be lovely to have a sauna and pool available to the community. I would also love to see a fully functioning cafe and perhaps a live music venue/pub on Rafford for the community to convene and socialise around. I would also love to see a seed swap facility in one or both of the community halls, and perhaps a box with a lock for sharing and using litter picking equipment, with a code that could be shared with anyone who wanted to use the equipment. Perhaps at both Rafford and Edinkille halls.

20	Not really.	
21	Cultural events - talks, lectures on local issues or history. Art/craft workshops	
22	Men's shed	
23	Not any that springs to mind. We have enjoyed ceilidh nights at both Rafford and Edinkillie halls before covid struck :-(	
24	I would like there to be a book club and some other artistic/creative groups	
25	All halls would benefit from wi-fi/internet access and EV charging points.	
26	No - the facilities currently available can host the activities we are interested in.	

Q25 After consideration of all the above points do you feel that there still might be a need for an additional new community hub building within the Finderne area?

Yes	5.56%	3
No	85.19%	46

1	Possibly, if only to replace or update Edinkillie Hall which is in need of significant modernisation. If this could be linked as a community space with perhaps school or playgroup that would be fantastic to get something used by all generations. Otherwise linking the existing spaces together so that people know more about them and are able to book them easily would be good.
2	Finderne is not one community therefore I don't think there can be Finderne Hub. There is an argument for modernising some of the existing infrastructure however I do not think this is essential.
3	Not sure but I am wondering if an online Hub might be useful for people to see what is going on at the different venues and to keep the conversation going about developing resources in the area.
4	Assuming that one of the existing halls could be repurposed as a community cafe.
5	A modern purpose-built hub would be welcomed to the area, providing fresh working, creative and public spaces that would attract local and out of area groups and individuals.

Q26 Please note any further feedback comments below:

Answered: 27 Skipped: 53

#	RESPONSES
1	As a resident of Rafford I think Rafford Village Hall under its current group of volunteers really ticks all the boxes I can think of.
2	We are delighted with the local facilities
3	All the venues are too far away e.g. from where we are at Burgie - it is 2.5 miles to Kinloss Church Hall but to go to Rafford Church Hall (where we vote) is now a 10 mile round trip on a pretty degraded road. Its a 20 mile round trip from here to Edinkillie with fuel prices now ridiculously high, the car gets used as little as possible.
4	The area already has too many community facilities, each of which are competing for utilisation and the much-valued support of volunteers and very precious funds. Also, considering Finderne in the context of the wider Forres area community, there are a great variety of community facilities - no more are needed.
5	Not a hub - word doesnt mean much Edinkillie and Moray needs good rental homes. FDT should organise a housing association to buikld up to 12 modest homes for rent for local young couples and families in Edinkillie - Children for local school. In view of energy crisis, people should receive a one-off payment of £500 to lessen impact of soaring energy costs. FDT needs to address the dichotomy of Rafford and Edinkillie parishes.
6	Being able to borrow specialist equipment (perhaps for theatre or music performances for example) that can be shared between the existing spaces would be great
7	Enjoying the new activities at Altyre clubroom
8	I really don't know. I wasn't aware of Finderne until the questionnaire came and I hadn't really thought about this. I think I feel more part of Forres than Finderne and all the community activities I am involved in revolve around Forres/Elgin
9	It's great to see so many lovely halls in the area which seem to be well used. We are closely involved with the twinning associations of Elgin/Landshut and Forres/Vienenburg. Because of these commitments, we don't have much time to use the halls.
10	What would be great would be a paid admin post to support activities and promotion of all these lovely venues (a roving community support worker?)
11	At present we don't use any of the facilities in Rafford and beyond. I am willing to be a volunteer if needed.
12	2 or 3 fundamental questions which need to be answered by a generation rather than? Current facilities offer a good sample of useable floor space and assuming extra equipment (audio/lighting/visual etc) was held centrally, there may be little need for a new building. The question: 1) Would more people use a central hub? 2) Could the community agree where? 3) would a supported transport facility be possible/realistic? 4) What would happen to redundant facilities?
13	Thanks to all members of the Development Trust for your efforts on behalf of us all
14	There are existing strong organic communities in this area. Why don't you support these further than trying to create a community around a building?

15	use existing facilities	
16	Thank you!	
17	There is ample infrastructure around the area - it is greater use of the existing units that is required, with perhaps some subsidy to make events either possible or affordable.	
18	is there a community notice board?	
19	Thank you for conducting this survey.	
20	None	
21	Edinkillie hall just needs a facelift! Paint and redecorate and update flooring. I help out at cake and cuppa when I am not at work. Also attend the AGM. Hopefully now that covid is under control, we could have quiz nights, ceilidhs and coffee mornings again - with the schools help.	
22	Congratulations to all involved for putting finderne on the map!	
23	other venues look interesting though not as accessible possibly	
24	I think we have a lot of good quality spaces of varying prices and facilities. We need to use the spaces we already have.	
25	I am 92 yrs old and depend entirely on Dial-a Bus to get to Forres. The bus has to be booked 24hrs ahead and is getting more difficult to get time and day that you need (especially for appointments). So, I would be very interested in a community bus scheme and would willingly pay towards cost of journey.	
26	Transport I believe transport by bicycle should be encouraged especially for journeys less than 5 miles. This has health and environmental benefits. The provision of a shared use cycle path from Rafford to Forres would make this more practical. I would encourage FDT to invest resources in this.	
27	We feel it is important to invest in the existing buildings to enhance their visibility. These buildings need core funding to meet current and future increase in running costs (e.g. electricity bills). We appreciate the affordability of existing provisions - which benefits local users.
